

TIME TRACK ONE

8:15h	WF world symposium Welcome
8:20h	Presidential address
8:35h	Congress soundtrack
8:40h	Keynote address
8:45h	Symposium soundtrack
9:00h	Ultrasound and fluids
11:00h	Chair: Olusanya, Segun (London, United Kingdom - Intensive Care Medicine)
9:00h	Ultrasound and giving fluids Conway, Hannah (London, United Kingdom - Critical Care Medicine)
9:15h	Ultrasound and de-resuscitation Speaker TBC (Vancouver, Canada - Intensive Care Medicine)
9:30h	Perfusion and congestion - a balancing act Corradi, Francesco (Pisa, Italy - Anesthesia, Intensive Care and Internal Medicine)
9:45 h	VEXUS - everyone is talking about it. The new IVC? Olusanya, Segun (London, United Kingdom - Intensive Care Medicine)
10:00h	LIVE Panel discussion and Q&A: Optimising organ perfusion - Corradi, Francesco (Pisa, Italy - Anesthesia, Intensive Care and Internal Medicine)
11:00h	Lines, drains, and sharp objects
13:00h	Chair: Zawadka, Mateusz (Warsaw, Poland - Anaesthesia and Intensive Care Medicine)
11:00h	It is time for the ultrasound guided axillary vein access Czarnik, Tomasz (Warsaw, Poland - Anaesthesia and Intensive Care Medicine)
11:15h	Microskills in ultrasound guided access Borgquist, Ola (Lund, Sweden - Anaesthesia and Intensive Care Medicine)
11:30h	The forgotten landmark techniques Balan, Cosmin (Bucarest, Romania - Anaesthesia and Intensive Care Medicine)
11:45h	Day-to-day practice in ICU - how to teach? Fazzi, Brigitta (London, United Kingdom - Critical Care and Perioperative Medicine)
12:00h	LIVE Panel discussion and Q&A: Debate - In this day and age, landmark-based technique is indefensible
13:00h	LUNCH BREAK
14:00h	POCUS for non-acute diseases
16:00h	Chair: Wong, Adrian (London, United Kingdom - Anaesthesia and Intensive Care Medicine)
14:00h	Lessons from Radiology - contrast ultrasound Yusuff, Timothy (Bromley, United Kingdom - Radiology)
14:15h	Ultrasound for gastric and nutritional assessment Calatayud, Angel (Mexico city, Mexic - Emergency and Critical Care Medicine)
14:30h	Ultrasound and sleep apnoea Cortês, Nuno (Lisbon, Portugal - Pulmonology and Intensive Care Medicine)
14:45h	Ultrasound in COPD Baker, Kylie & Kwan, Ben (Sydney, Australia - Emergency Medicine - Respiratory Medicine)
15:00h	LIVE Panel discussion and Q&A
16:00h	Research Prioritisation
17:00h	Chair: Goffi, Alberto (Toronto, Canada. - General Internal Medicine and Critical Care Medicine)
16:00h	Infection control in ultrasound department Mohamed, Muna
16:15h	Utility of point of care diaphragm ultrasound in patients presenting with symptomatic organophosphate poisoning. - Jakus Venter
16:30h	Correlation flow - cerebral oxygen metabolism and difference arterio - cerebral venous CO2 in neurocritical patients - Abdo, Anselmo
16:45 h	LIVE Panel discussion and Q&A
17:00h	Member's Choice
18:00h	Chair: Wong, Adrian (London, United Kingdom - Anaesthesia and Intensive Care Medicine)
17:00h	How to do: transcranial doppler Galarza, Laura
17:15 h	Prehospital ultrasound, resuscitate TEE Teran, Felipe
17:30h	Ultrasound approach to undifferentiated fever in ICU D-Costa, Pradeep
17:45h	Paediatric ultrasound; what everyone should know Speaker' (TBC)
8:00h	Beyond core, Go Ultra
20:00h	Chair: Noor, Julina (Kuala Lumpur, Malaysia - Emergency Medicine)
18:00h	The sequence of Multi organ POCUS in shock - Ha, Young-Rock (Seoul, Korea - Emergency and Critical Care Medicine)
18:15h	TCD in acute stroke: predicting successful interventio Sarwal, Aarti (North Carolina, United States - Neurology and Neurocritical Care Medicine)
18:30h	Systematic ultrasound in optimizing physiologically difficult airway - Roslan, Nurul Liana (Kuala Lumpur, Malaysia - Emergency Medicine)
18:45h	Lung ultrasound - what next? Mongodi, Silvia (Pavia, Italy - Intensive Care Medicine)
19:00h	LIVE Panel discussion and Q&A: What next? Advanced skillset
20:00h	CLOSING
20:15h	

TIME TRACK TWO

8:15h	WF world symposium Welcome
8:20h	Presidential address
8:35h	Congress soundtrack
8:40h	Keynote address
8:45h	Symposium soundtrack
9:00h	How we learn and pushing the boundaries of 'core' skills - Chair: Teng, David (New York, United States - Pediatric Emergency Medicine)
9:00h	The basics: how we learn Speaker (TBC) (City, Country - Medical speciality)
9:15h	How to apply theory to practice - POCUS: What media and mediums we can use - Speaker (TBC) (City, Country - Medical speciality)
9:30h	Standardization of training Speaker (TBC) (City, Country - Medical speciality)
9:45 h	POCUS - Gaming theory Speaker (TBC) (City, Country - Medical speciality)
10:00h	Unique teaching styles - How the world is teaching POCUS Speaker (TBC) (City, Country - Medical speciality)
11:00h	How I use ultrasound in...
13:00h	Chair: Via, Gabriele (Lugano, Switzerland - Anaesthesia and Intensive Care Medicine)
11:00h	Cardiogenic shock Tavazzi, Guido (Pavia, Italy - Anaesthesia and Intensive Care Medicine)
11:15h	Acute kidney injury Vieira, Ana Luisa (Barbacena, Brasil - Nephrologist)
11:30h	Traumatic brain injury Bertuetti, Rita (Brescia, Italy - Anaesthesia and Intensive Care Medicine)
11:45h	Acute respiratory failure Laursen, Christian (Denmark - Respiratory Medicine)
12:00h	LIVE Panel discussion and Q&A
13:00h	LUNCH BREAK
14:00h	POCUS procedure revolution: AI leading the way!
16:00h	Chair: Shokoohi, Hamid (Boston, United States - Emergency Medicine)
4:00h	Nail-the-Needle: AI-guide needle localization in POCUS Blaivas, Michael (North Carolina, United States - Emergency Medicine)
14:15h	Advancements in AI-POCUS: Spine ultrasound and lumbar punctur - Ungi, Tamas (Kingston ONT, Canada - Emergency and Critical Care Medicine)
14:30h	Embarking on an AI-POCUS journey: Where to begin? Goldsmith Andrew (Boston, MA, United States - Emergency Medicine)
14:45h	AI-power up: POCUS devices and clinical applications Shokoohi Hamid (Boston, United States - Emergency Medicine)
15:00h	LIVE Panel discussion and Q&A
16:00h	Ultrasonido en trauma
17:00h	Chair: Umaña, Marco (San José, Costa Rica - Emergency Medicine)
16:00h	Bloqueo nervioso en trauma Alvarez, Rodrigo (Puebla, Mexico - Anaesthesia and Intensive Care Medicine)
16:10h	Preguntas y respuestas Carvajal, Gabriel & Campos Linares, Ricardo & Jara, Fernando Esteban
16:20h	Trauma pulmonar Rodríguez, Shalim (Lima, Perú - Intensive Care and Critical Care Medicine)
16:30h	Preguntas y respuestas Barca, Diego & García, Ivan & Morales, Hernández
16:40h	Neurotrauma Urrego, Alejandro (Bogota, Colombia - Emergencies, Critical Medicine and Intensive Care Medicine)
17:00h	Preguntas y respuestas Cantillano, Mauricio & Ballina, Javier Ruiz
17:00h	POCUS POTPURRI
18:00h	Chair: Calderón, Juan Antonio (Monterrey, Mexico - Intensive Care Medicine)
17:10h	Emergencias ginecobstétricas Hurtado, Laura (Buenos Aires, Argentina - Pediatric sonologist)
17:20h	Status y desarrollo del POCUS en Latinoamérica Retamal, José (Recoleta, Chile - Emergency Medicine)
17:30h	Preguntas y respuestas Prieto, José Luis & Carvajal, Gabriel
17:40h	Evaluación de la volemia y sobrecarga de fluidos Yazcít, Sandoval (Lima, Peru - Perioperative Cardiology)
17:50h	Preguntas y respuestas Bravo, Pablo & Alonso, Jose
18:00h -	Portugese Session
20:00h	Chair: Vieira, Ana Luisa (Barbacena, Brasil - Nephrologist)
18:10h	Ecografia no desmame ventilatório Farani, Marcelo (Salvador, Brazil - Intensive Care Medicine)
18:20h	Medição do VTI Barros, Rui (Porto, Portugal - Internal Medicine)
18:30h	Aspectos práticos do protocolo VEXUS Souza, Tiago (Campinas, Brazil - Pediatric Critical Care Medicine)
18:40h	Analgesia regional Rebelo, Humberto (Porto, Portugal - Anesthesia Medicine)
18:50h	LIVE Panel discussion and Q&A
20:00h	CLOSING
20:15h
