

November 22nd	TRACK 1 DAY 1 Chair	CORRADI	FRANCESCO	University of Pisa	Italy
Time CET	TITLE	FACULTY'S SURNAME	FACULTY'S NAME	AFFILIATION	COUNTRY
8:30h am	Welcome & Presidential address: Chair, Track chairs, WF President				
20 min	Keynote Address - Brain ultrasound mastery: essential skills in clinical practice	Bertuetti	Rita	Spedali Civili di Brescia	Italy
9:00h - 11:00h am	Ultrasound management of Ventilation				
3 min	Introduction	Corradi	Francesco	University of Pisa, Professor of Anesthesiology.	Italy
15 min	Assessment of the upper airways	Gomes	Sara	School of Medicine, University of Minho	Portugal
15 min	Invasive Mechanical Ventilation Titration by US	Mongodi	Silvia	Fondazione IRCCS Policlinico S. Matteo Pavia	Italy
15 min	Ultrasound guided Non Invasive Ventilation Management	Cammarota	Giammaria	Università del Piemonte Orientale, Novara.	Italy
15 min	Weaning from MV (including NIV)	Balan	Cosmin	Iliecsu Emergency Cardiovascular Diseases Institute	Romania
15 min	Respiratory muscle ultrasound in the ICU	Tuinman	Pieter Roel	Wijze Universiteit Amsterdam	Holland
30 min	Panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
11:00h - 13:00h	POCUS for Sepsis and infection				
3 min	Introduction	Russell	Frances		
15 min	Soft tissue infection	Sun	Jen-Tang		Taiwan
15 min	Infective endocarditis	Ibrahim	Rita Zahara	National Cardiovascular Centre Harapan Kita	Indonesia
15 min	Septic encephalopathy	Cucciolini	Giada	University of Pisa	Italy
15 min	Abscesses liver, spleen, kidney	Wanjiku	Grace	Brown University	USA
15 min	Differentiating malaria from dengue	Shafie	Hidayah	Hospital Kuala Lumpur	Malaysia
45 min	LIVE panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
13:00h - 13:20h	Lunch Break				
13:20h - 14:00h	THE CASE FOR OPTIC NERVE SHEATH DIAMETER (ONSD): take it or leave it? Coordinator - Nurul Liana Roslan				
2 min	Case presentation (Judge)	Nazerian	Peiman		Italy
7 min	In favour	Alsharif	Pete		USA
7 min	Against	Theyyunni	Nik		USA
7 min	In favour	Hossein	Nejad		Iran
7 min	Against	Pansell	Jakob		Sweden
5 min	Rebuttal In favour	Theyyunni	Nik		USA
5 min	Rebuttal Against	Alsharif	Pete		USA
2 min	Verdict	Nazerian	Peiman		Italy
10 min	Poll and summary and closing				
14:00h - 16:00h	Cutting edge technology and the future of ultrasound				
3 min	Introduction	Shokoohi	Hamid	Massachusetts General Hospital	USA
15 min	AR-AI Fusion in POCUS - Transformative Concepts and Limitless Applications	Harari	Ryan	Brigham and Women Hospital	USA
15 min	Using contrast enhanced ultrasound in clinical practice including novel applications	Yusuf	Timothy	King's college hospital, London.	United Kingdom

15 min	Quantitative Lung Ultrasonography	Noble	Vicki	University Hospitals in Cleveland	USA
15 min	Artificial intelligence - computer aided diagnosis in lung ultrasonography	Blaivas	Mike	University of South Carolina	USA
15 min	State of the art in diagnostic lung ultrasound, from physics to clinics	Demi	Libertario	University of Trento	Italy
45 min	LIVE panel discussion and Q&A				
16:00h - 18:00h	Heart Failure joint section with the ESC -ACVC (European Society of Cardiology-Acute Cardiovascular care)				
3 min	Introduction	Sionis	Alessandro	Sant Pau Hospital	Spain
15 min	Phenotyping Cardiogenic shock	Alviar	Carlos	New York University School of Medicine	USA
15 min	RV assessment in the critically ill pts	Price	Susanna	National Heart and Lung Institute, Imperial College	UK
15 min	VA coupling revisited, splanchnic perfusion assessment, diagnostic tool and therapeutic target	Corradi	Francesco	University of Pisa	Italy
15 min	US-guided vasoinotropic support	Tavazzi	Guido	University of Pavia	Italy
15 min	Patient and mechanical support device-interaction	Vandenbriele	Christophe	Royal Brompton and Harefield Hospitals	United Kingdom
45 min	Panel discussion and Q&A				
45 min	LIVE panel discussion and Q&A				
18:00h	Closure				
November 23rd TRACK 1 DAY 2 Chair					
		CORRADI	FRANCESCO	University of Pisa	Italy
Time CET	TITLE POCUS	FACULTY'S SURNAME	FACULTY'S NAME	AFFILIATION	COUNTRY
8:30h am	Welcome & Presidential address: Chair, Track chairs, WF President				
20min	Keynote Address - Ultrasound Across the Continuum of Medical Education	Hoppmann	Richard		
9:00h - 11:00h	Way more than basics, babe!				
3 min	Introduction	D'costa	Pradeep	Hospital Kern	India
15 min	Brain-Lung interactions	Cucciolini	Giada	University of Pisa	Italy
15 min	I'm on fire: fever POCUS algorithm	Polyzopoulou	Effie	National and Kapodistrian University of Athens	Greece
15 min	Handheld ultrasound in war zone	Mohd Fathil	Shahridan	Gleneagles Medini Hospital	Malaysia
15 min	POCUS localization of CVC tip: How do you do it?	Corradi	Francesco	University of Pisa	Italy
15 min	Doppler ultrasound of the kidney: Go with the flow!	De Rosa	Silvia	Centre for Medical Sciences (CISMed), University of Trento	Italy
45 min	Panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
11:00h - 13:00h	A deep dive into abdominal POCUS				
3 min	Introduction	Noor	Julina	Universiti Teknologi MARA	Malaysia
15 min	Hepatobiliary and pancreas	Trovato	Francesca	King's College Hospital	United Kingdom
15 min	Gastric ultrasound	Adrian	Robert	Christchurch Hospital	New Zealand
15 min	An approach to undifferentiated abdo pain in a resource-limited setting	Born	Matt	Dunstan Hospital	New Zealand
15 min	Bowel ultrasound - IBD, diverticular disease	Novak	Kerri	University of Calgary	Canada
15 min	POCUS-first in Diverticulitis	Cohen	Allison	Royal College of Surgeons in Ireland, Connolly Hospital,	USA
45 min	Panel discussion and Q&A				
13:00h - 13:20h	Lunch Break				
13:20h-14:00h	THE CASE FOR VEXUS - IS IT STILL A THING? Coordinator - Nurul Liana Roslan				
2 min	Judge	Olusanya	Segun	King's college hospital, London.	United Kingdom
7 min	Prosecutor	Wong	Adrian	King's college hospital, London.	United Kingdom
7 min	Defendant	Koratala	Abhishash	Medical College of Wisconsin	USA
7 min	Prosecutor	Singh	Manpreet	Harbor-UCLA Medical Center	USA
7 min	Defendant	Crager	Sara	UCLA	USA
5 min	Witness for the defence	Singh	Manpreet	UCLA	USA
5 min	Witness for the prosecution	Crager	Sara	UCLA	USA
10 min	Poll + Verdict (Live)	Olusanya	Segun	King's college hospital, London.	United Kingdom

2 min	Advertisement/Buffer time / Logistic Movements				
14:00h - 16:00h	Spanish session				
3 min	Introduction	Montorfano	Miguel	Hospital de Emergencias "Dr. Clemente Alvarez"	Argentina
15 min	Ultrasonido Pulmonar en Ventilacion Mecanica. En que nos sirve y en que no. / Lung ultrasound in ventilated patients. Is it useful or not?	Rodriguez	Shalim	Hospital Edgardo Rebagliati.	Peru
15 min	Utilidad del Ultrasonido cerebral en el Trauma Craneoencefalico severo. /Brain Ultrasound in severe cranial Trauma	Lopez Pulgarin	Amulfo	Hospital Civil de Guadaluajara	Mexico
15 min	Bloques nerviosos guiados por US en Trauma. /Nerve Block under US guidance in Trauma	Umaña	Marco	Emergency Medicine. R.A. Calderón Guardia Hospital.	Costa Rica
15 min	Código Mater / Mater code	Montelongo	Felipe	Health institute of the State of Mexico.	Mexico
15 min	Integrando la Ecografía en áreas rurales, remotas y aisladas / Integrating ultrasound in rural, remote and isolated areas	Montorfano	Miguel	Hospital de Emergencias "Dr. Clemente Alvarez"	Argentina
30 min	Panel discussion and Q&A				
16:00h - 18:00h	Spanish session				
3 min	Introduction	Nogue	Ramon	University of Lleida	Spain
15 min	Doppler transcranial en sepsis / Transcranial Doppler in sepsis]	Abdo	Anselmo	University of Medical Sciences of Havana	Cuba
15 min	Generalizando la Ecografía Pulmonar. / Clinical LUS	Nogue	Ramon	University of Lleida	Spain
15 min	Como desarrollar un Curriculum de Pregrado de ecografía Clínica sin los recursos de las Universidades de USA y Canadá. / Developing a Clinical Ultrasound pre graduate curriculum without the resources of USA and Canada Universities	Villen	Tomas	Universidad Francisco Vitoria	Spain
15 min	Integración de la ecografía de urgencia en el manejo de fracturas distales del miembro superior. / Integration of emergency ultrasound in the management of distal bone fractures of the upper extremities	Campos	Ricardo	Santa Bárbara Hospital Puertollano	Spain
15 min	Es posible que un no cardiólogo haga ETE / ETE by a non cardiologist: is it possible?	Alonso	José	Hospital Clinic Barcelona	Spain
30 min	Panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
18:00h	Close				
November 22nd	TRACK 2 DAY 1 Chair	SHOKOOHI	HAMID	Massachusetts General Hospital	USA
Time CET	Emergency & critical care	FACULTY'S SURNAME	FACULTY'S NAME	AFFILIATION	COUNTRY
8:30h am	Welcome & Presidential address: Chair, Track chairs, WF President				
20 min	Keynote Address - Brain ultrasound mastery: essential skills in clinical practice	Bertueti	Rita		Italy
9:00h - 11:00h	Emergency & critical care				
3 min	Introduction	Hussain	Arif	King Abdulaziz Medical City	Saudi Arabia
15 min	AI-Ultrasound Guided Shock Management	Shokoohi	Hamid	Massachusetts General Hospital	USA
15 min	Carotid flow volume and time variation for fluid responsiveness	Hossein-Nejad		Tehran University	Iran
15 min	Ultrasound in Microcirculation Assessment	Dietrich	Christoph F	Hirslanden Medical Center	Switzerland
15 min	Ultrasound-guided Resuscitation	Rajkumar	Siraj	King Abdulaziz Medical City	Saudi Arabia
15 min	Integration of POCUS with Shock Clinical Protocols	Chardoli	Mojtaba	Tree Top Hospital	Maldives
30 min	Panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
11:00h - 13:00h	High yield MSK ultrasound				
3 min	Introduction	Kohler	Minna	Massachusetts General Hospital	USA
15 min	Ultrasound in Ankle and Foot Pathologies	Yazdani	Ramin		Canada
15 min	Traumatic Tendon Injuries	Chen	Kueh Chih	Taipei Medical University	Taiwan
15 min	Ultrasound in Crystalline Arthropathies	Kohler	Minna	Massachusetts General Hospital	USA
15 min	Shear-Wave Elastography for MSK Ultrasound	Stewart	Zachary	Massachusetts General Hospital	USA
15 min	Visualization of Soft Tissue Lesions: Mass, Bursa, Abscess	Güven	Ramazan	Aldemir University Faculty of Medicine	Turkey
30 min	Panel discussion and Q&A				
13:00h - 13:20h	Lunch Break				
13:20h - 14:00h	THE CASE FOR OPTIC NERVE SHEATH DIAMETER (ONSD): take it or leave it? Coordinator - Nurul Liana Roslan				
14:00h - 16:00h	Ultrasound in Pain Management				
3 min	Introduction	Goldsmith	Andrew	Brigham and Women's Hospital	USA

15 min	Ultrasound guided regional blocks for common fractures - clavicle, rib, ankle, wrist	Al Shamsi	Mohamad	Medical City for Military and Security Services	Oman
15 min	Ultrasound guided analgesia for patients with cancer	Zecola	Daniel		USA
15 min	Elector Spinae Block or Transverse Abdominal Plane Block in urologic/robotic surgery	Brusco	Claudia	Galliera Hospital	Italy
15 min	Interventional ultrasound for back pain: transgluteal sciatic nerve block	Duggan	Nicole	Brigham and Women's Hospital	USA
15 min	Connecting Expertise: Global Collaboration on Ultrasound-Guided Nerve Block Databanks	Goldsmith	Andrew	Brigham and Women's Hospital	USA
45 min	Panel - Panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
16:00h - 18:00h	Top of the "Pub"/med publications				
3 min	Introduction	Melniker	Larry	New York Methodist Hospital	USA
15 min	Top 5 in Sepsis	Yamane	David	Massachusetts General Hospital	USA
15 min	Top 5 in Fluids	Soliman	Hatem	Royal Brompton & Harefield Hospital	United Kingdom
15 min	Top 5 in Cardiac arrest	Alviar	Carlos	UCLA	USA
15 min	Top 5 in Mechanical Ventilations	Crager	Sara	UCLA	USA
15 min	TOP 5 practice changing papers	Pare	Joseph	Warren Alpert Medical School of Brown University	USA
45 min	Panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
18:00 h	CLOSING				
November 23rd TRACK 2 DAY 2 Chair					
Time (Min)	TITLE Future of Ultrasound .	FACULTY'S SURNAME	FACULTY'S NAME	AFFILIATION	COUNTRY
8:30h am	Welcome & Presidential address: Chair, Track chairs, WF President				
20min	Keynote Address - Ultrasound Across the Continuum of Medical Education	Hoppmann	Richard		
9:00h - 11:00h	I didn't know you could do that!				
3 min	Introduction	Via	Gabriele	Anesthesia & Intensive Care Istituto Cardiocentro Ticino	USA
15 min	Brain parenchymal assessment in stroke	Nate	Lightfoot	Saint Luke's Hospitals	USA
15 min	TEE for Lung Ultrasound	Ahmad	Azma Haryaty	Hospital Raja Permaisuri Bainun	Malaysia
15 min	Transorbital ultrasound in detecting acute CRAO	Valaikiene	Jurgita	Vilnius University Hospital Santariskiu Klinikos	Lithuania
15 min	Point-of-Care Ultrasound in Detecting Mesenteric Adenitis	Tsung	James		
15 min	Diaphragmatic ultrasound in neuromuscular disease	Sarvel	Aarti	Virginia Commonwealth University	USA
30 min	Panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
11:00h - 13:00h	POCUS Technical Innovations				
3 min	Introduction	Liteplo	Andrew	Massachusetts General Hospital	USA
15 min	Robotic TCD	Bögli	Stefan Yu	Brain Physics Laboratory, Department of Clinical Neurosciences, University of Massachusetts General Hospital	United Kingdom
15 min	Oral Hydrosocan and tongue pointing technique	Al-Jalbout	Nour		USA
15 min	New frontiers in teleultrasound	Eke	Ornyinyechi	Massachusetts General Hospital	USA
15 min	Ultrasound Targeted Stimulation: a new neuromodulatory therapy?	DiNicolò	Pierpaolo	S.Maria della Scalotta Hospital in Imola	Italy
15min	Probeless ultrasound	S.Kenny	Jon-Emile	Fisonics Medical	Canada
45 min	LIVE panel discussion and Q&A				
13:00h - 14:00h	Lunch Break				
13:20h - 14:00h	THE CASE FOR VEXUS - IS IT STILL A THING? Coordinator - Nurul Liana Roslan				
14:00h - 16:00h	Portugese Session				
3 min	Introduction	Vieira	Ana Luisa	Santa Casa de Misericórdia de Barbacena	Brazil
		Cortesão	Nuno	Hospital da Luz Arrábida, Vila Nova de Gaia	Portugal
15 min	Sépsis/Sepse	Barros	Rui	Hospital da Luz Arrábida, Vila Nova de Gaia	Portugal
15 min	Dor abdominal	Ferreira	Fernando	Faculdade de Medicina do Porto	Portugal

15 min	Dispneia/Dispneia	Baumgratz	Thiago		Brazil
15 min	Dor torácica/pleurítica	Gaspar Costa	Pedro	ULS São José and Hospital CLUF Igo	Portugal
15 min	Injúria/Lesão renal aguda	Takaoka	Larissa Louise		Brazil
45 min	Panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
16:00h - 18:00h	Portugese session: New Frontiers in Ultrasound				
3 min	Introduction	Vieira	Ana Luisa	Santa Casa de Misericórdia de Barbacena,	Brazil
		Cortesão	Nuno	Arrábida, Vila Nova de Gaia	Portugal
15 min	Insuficiência Cardíaca Crónica/Crónica	Santiago Faria	Renan	Santa Casa de Caridade de Diamantina, Hospital Nossa Senhora da saúde	Brazil
15 min	Doença Renal Crónica/Crónica	Pinto	Luis Cláudio	Santa Casa de Misericórdia de Coimbra, Hospital de Urologia de Góis, Hospital Faculdade de Medicina de Bragança da Universidade Estadual Paulista (UNESP)	Brazil
15 min	Avaliação Nutricional	Felix	Tiago	Hospital Municipal de Aparecida de Goiânia	Portugal
15 min	Doença hepática	Andrade	Felipe	aculdade de Medicina de Barbacena, Minas Gerais, Sociedade Mineira de Sociedade Mineira de Terapia Intensiva - SOMITI	Portugal
15 min	Síndrome Cardiorrenal	Pazeil Jr.	José		Brazil
45 min	Panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
2 min	Advertisement/Buffer time / Logistic Movements				
	BEST RESEARCH AND POSTER AWARD				
18:00h	Closure				
November 22nd	TRACK 3 DAY 1	MAGALI	GAUTHEY	Hospital de la Tour	Switzerland
		TENG	DAVE	Cohen Children's Medical Center	USA
Time CET	Pediatric POCUS continental perspective: Inspire US!	FACULTY'S SURNAME	FACULTY'S NAME	AFFILIATION	COUNTRY
8:30h am	Welcome & Presidential address: Chair, Track chairs, WF President				
20 min	Keynote Address - Brain ultrasound mastery: essential skills in clinical practice	Bertueti	Rita	Spedal Civili di Brescia	Italy
9:00h - 11:00h	Oceania				
3 min	Introduction	Troxter	David	University of Melbourne	Australia
20 min	The role of the sonographer educator to upscale paediatric POCUS	Cormack	Carolyne	Monash University	Australia
20 min	Nurse-led POCUS for vascular access	Forsyth	Nathan	University of Melbourne	Australia
20 min	Implementing safe and meaningful prehospital POCUS	Baron	Aidan	Community Health Support NSW	Australia
20 min	Ultrasound to diagnose pediatric distal forearm fracture: where are we now?	Snelling	Peter	Gold Coast University Hospital	Australia
10 min	Cool cases (2)				
30 min	LIVE panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
11:00h - 13:00h	Asia and Africa				
3 min	Introduction	Gauthey	Magali	Los Angeles General Hospital, LOCUM, TENENS	USA
20 min	DDH: A paradigm shift	Baumann	Thomas	SIPP: Swiss international pediatric project	Switzerland
20 min	Telemedicine experience	Igbin	Ahmed	Doctors Without Borders / Médecine Sans Frontières (MSF)	Canada
20 min	Transcranial ultrasound in Paediatric Intensive Care	Yek Kee	Chor	Sarawak General Hospital	Malaysia
20 min	POCUS in paediatric cardiac arrest	Ong	Gene	KK Women's and Children's Hospital	Singapore
30 min	LIVE panel discussion and Q&A				
13:00h-14:00h	Lunch Break				
13:20h - 14:00h	THE CASE FOR OPTIC NERVE SHEATH DIAMETER (ONSD): take it or leave it? Coordinator - Nurul Liانا Roslan				
14:00h - 16:00h	Europe	FACULTY'S SURNAME	FACULTY'S NAME	AFFILIATION	COUNTRY
3 min	Introduction	Tonson la Tour	Aude	Hôpital de la Tour	Switzerland
20 min	Nerve blocks	Berant	Ron	Schneider Children's Medical Center of Israel	Israel

20 min	Applications of lung US in the NICU	Singh	Yogen	Cambridge University Hospitals NHS Foundation Trust.	United Kingdom
20 min	Development and Evaluation of a national pediatric POCUS program	Kerengyi	Aron	Astrid Lindgren's Children's Hospital	Sweden
20 min	POCUS in shock	Schmidt	Steffen	Kinder Klinik	Switzerland
10 min	Cool cases (2)	TBC			
30 min	LIVE panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
16:00h - 18:00h	Americas				
3 min	Introduction	Teng	Dave	Cohen Children's Medical Center	USA
20 min	Regional perspective on pre-hospital care	Jeric	Tomislav	University of Manitoba & STARS Air Ambulance	Canada
20 min	North American update for critical care POCUS	Conlon	Thomas	Children Hospital Of Philadelphia	USA
20 min	North American update for emergency POCUS	Sivitz	Adam	Newark - Beth Israel	USA
20 min	Neonatal POCUS: what's new?	Fraga	Maky	Children's Hospital of Philadelphia	USA
10 min	Cool cases (2)				
30 min	LIVE panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
18:00h	Closure				
November 22nd	TRACK 3 DAY 2 Chair	FOX	CHRIS	UC Irvine	USA
Time CET	Ultrasound in Medical Education	FACULTY'S SURNAME	FACULTY'S NAME	AFFILIATION	COUNTRY
14:30h	Welcome & Presidential address: Chair, Track chairs, WF President				
20min	Keynote Address - Ultrasound as a Core Clinical Competency across the spectrum of a medical career.	Hoppmann	Richard		
15:00h - 17:00h	Just Start Here				
3 min	Introduction	Al Jalbout	Nour		
20 min	Ultrasound in the pre-clinical years to learn Anatomy and physiology	Jelic	Tomislav	University of Manitoba	Canada
20 min	Getting Faculty Involved in Ultrasound Teaching	Abdul Wahab	Shaik Farid	USM	Malaysia
20 min	Ultrasound in the clinical years of medical school: Unforeseen challenges and creative solutions	Hsu	Edmund	UC Irvine	USA
20 min	Convincing the Dean	Fox	Chris	UC Irvine	USA
40 min	LIVE panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
17:00h - 19:00h	Great art picks up where nature ends				
3 min	Introduction	Liu	Teresa		
20 min	Get the windows! Teaching the art of image acquisition from the pro's	Prosen	Gregor	University of Maribor	Slovenia
20 min	MSK ultrasound - its own beast	TBC - Bouffard	J. Antonio	Detroit Medical Center	USA
20 min	Role of sonographers in teaching ultrasound in medical education	Schutzer	Christine	OHSU	USA
20 min	Student ultrasound portfolios demonstrate active learning, achievement, and assessment	Buhumaid	Rasha	University of Medicine & Health Sciences	UAE
40 min	LIVE panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
19:00h - 21:00h	It is Easier to Move a Cemetery than to Change a Curriculum				
3 min	Introduction	Bahner	Dave		
20 min	POCUS Curriculum Development	Harel-Sterling	Maya	Toronto Sick Children	Canada
20 min	Meaningful and Practical Assessments to Enhance Learning Ultrasound	Cotton	Jennifer	University of Utah	USA
20 min	International Consensus Ultrasound Curriculum	Mladenovic	Jeanette	OHSU	USA
20 min	Just in Time Skills: how to make the most of the last few months of medical school	Kameda	Toru	Saiseikai Utsunomiya Hospital, JAPAN	Japan
40 min	LIVE panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
21:00h - 23:00h	Controversy is only Dreaded by the Advocates of Error				

3 min	Introduction	Dean	Anthony		
20 min	Incidentalomas, or worse, missed critical findings (How to manage both ends of this spectrum and the administrative fear inherent within it)	Adhikari	Srikar	University of Arizona	USA
20 min	Should medical students own their own machines? Pros and Cons (or should they turn them after each rotation or at the end of medical school? Who should purchase equipment and how to fund it? What about stale technology?)	Dversdal	Renée	OHSU, UCLA	USA
		Chiem	Alan	UCLA	USA
20 min	What role does AI play in ultrasound in medical education? (Captioning, practicing on oneself, image acquisition optimization, is the machine a reliable teacher of its own operation?)	Blaiwas	Micheal	University of South Carolina	USA
20 min	Show me the Evidence: Answering this common question posed by the naysayers	Villen	Thomas		
40 min	LIVE panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
23:00h - 01:00h	Taking it to the Streets - The Doobie Brothers				
3 min	Introduction	Resciniti	Matthew		
20 min	Have probe will travel: Students teaching and using ultrasound with the Floating Doctors	LaBrot	Benjamin	Roche Molecular Diagnostics	USA
20 min	Transforming Medical Education: Student Usage of Ultrasound.	Rozhin	Toufighi	Iran University	Iran
20 min	Mass screenings performed by medical students	Fischetti	Chanel	BWH	USA
20 min	Home health and consumer based ultrasound	Duggan	Nicole	BWH	USA
40 min	LIVE panel discussion and Q&A				
2 min	Advertisement/Buffer time / Logistic Movements				
1:00h am	Closure
